- ① If there is requirement of rust prevention, please choose stainless steel materials or electroless nickel-plated products firstly.
- ① Due to the different production batches of products, nickel plated products may have fine sand blasting, which does not affect the size and function.
- ① Due to different production batches, the fine sandblasted anodized products may not be sandblasted when shipped, which does not affect the size and function. Preventing the customer complaints.
- ① Due to different production batches, the fine sandblasted electroless nickelled products may not be sandblasted when shipped, which does not affect the size and function.
