

# Shaft Supports Flanged Mount

- Standard · Through Mounting Holes
- Long Sleeve · Through Mounting Holes

## Standard Through Mounting Holes

Code	Type		Material		Surface Treatment		
			GB	Equiv.			
GAC01	Standard	Through Mounting Holes	Round Flanged	45	S45C	Black Oxide	
GAC02				LD30	A6061	Sandblasted Electroless Nickel Plating	
GAC08			Square Flanged	45	S45C	Black Oxide	
GAC09				0Cr18Ni9	SUS304	Fine Sandblasting Natural Color Anodizing	
GAC11			Compact Flanged	Square Flanged	45	S45C	Black Oxide
GAC12					0Cr18Ni9	SUS304	Sandblasted Electroless Nickel Plating
GAC21				Round Flanged	45	S45C	Black Oxide
GAC22					0Cr18Ni9	SUS304	Sandblasted Electroless Nickel Plating
GAC26					LD30	A6061	—
GAC28					LD30	A6061	Fine Sandblasting Natural Color Anodizing

Due to the different production batches of products, nickel plated products may have fine sand blasting, which does not affect the size and function.
