

Code	Type	
LHF03	Fixed Side	Support Unit Main Body

Number	Part Name	Quantity	Material	Surface Treatment
①	Support Unit Main Body		S45C	Black Oxide
②	Collar	1		
③	Bearing Nut (with a Thread Protector)		S50C	

① Uses two preload-adjusted Bearings.

- ① Do not use without inserting the screw shaft (empty tightening). It may deform, causing it unusable.
 ① A collar for the clamp lever is not included in Q8. The clamp lever mounting dimensions will be the same as the Large Type.
 ① For Support Side Support Unit (LHF04) details, (Please search LHF04 on Yiheda).
