

Code	Type	Drive direction	Material		Surface Treatment
			Main body	Screw nut	
HHQ41	Heavy Load	Z-Axis	Aluminum Alloy	Brass	Clear Anodize
HHQ46	with Position Indicator				

Advantages:

- The handwheel direction can be selected from 4 directions according to the operation situation.
- The slider will not slide down due to its own gravity.

Part Number	Code	L	Handwheel Type	Effective Stroke (mm)	Load Capacity (N)	H	Q	P	Parallelism (mm)	Pitch (mm)	Backlash (mm)	Weight (kg)
HHQ41 HHQ46	170			62								6.8
	220		Not Specified(Plastic Handwheel)	112								7.5
	320		B(Folding Plastic Handwheel)	212	220	75	120		0.15	4	0.3	8.6
	370		C(Five Spoked Handwheel)	262								9.2
	420			312								11.0
	470			362		350	105	150				11.5
